

A heartfelt, lovely, original work. Perfect for kids (and the adults who love them!)

Joshua Rich has created a rarity: A collection of songs that will appeal to kids as well as adults.

Listeners of all ages will relate to Rich's smart and honest lyrics, and will appreciate the fun originality of his melodies. Songs like "Gonna Get A Haircut," "I Like Being Small" and "It Feels Good to Cry" feel especially touching and true.

Rich's music makes you remember what it felt like to be young, and lets you revisit some of the wonder and magic of that time. For me, this album recalled one of my all-time favorite kids' albums, "Free To Be You and Me."

And the title song absolutely rocks!
